

Connect - Locate - Create

We at iSUC are a Think Tank that grapples with challenging issues, proposes solutions, and endeavors to unite people of different backgrounds to improve the quality of life.

In an interdisciplinary setup we discuss concepts, create ideas and develop concrete designs for functioning localities, innovative networks, and sustainable connections to make a difference for a responsible future.

Staff Excellence Award

The International Summer University Carinthia is pleased to recognize
the invaluable contribution of

Roman Schögggl

to the overall success of its 10-day international and interdisciplinary summer academy.

As a key member of our staff, he demonstrated time and again superb leadership, independent initiative, attention to detail, and great organizational deftness.

His communication skills and intercultural sensitivity make this staff member an important asset when managing a complex intercultural and multidiscipline program such as ours. He is a very mature and disciplined individual of the highest integrity who nevertheless gets on well with students and colleagues alike.

We therefore recommend Mr. Schögggl in the strongest possible terms and wish him well for his professional future.

Villach, Austria, June 30th – July 10th 2016
